

How to Obtain a Receipt

A verified receipt from DIVE or an authorized retailer ([see list below](#)) is required for an upgrade. If you don't have one, follow the steps below:

- **Purchased Directly from DIVE into Math and Science**

To request a copy of a purchase made directly from DIVE, please complete this form:

[Request A Copy of a DIVE Receipt](#)

- **Purchased from an Authorized DIVE Retailer**

Contact the retailer by phone or email and request a copy of your receipt.

- **Not sure who you purchased from?**

Simply contact the authorized resellers listed below that you typically use. They can look up your account and determine if the product was purchased from them. If so, they will email a copy of your receipt.

While this may seem an impossible task, we have had many customers successfully obtain a copy of their receipt this way.

To ensure your student can continue with their course during this process, we can email up to 5 video lessons. Simply send an email to sales@diveintomath.com with the title, edition and lesson numbers you would like emailed.
